

Cooking MAMA

Makayla Johnson

Original Game

- 76 recipes in total (begin with 15 can receive all 61 through the chains)
- 1 cooking mama with limited clothing when earned by when you finish a recipe
- The option of taking a picture of the dish when it completed and you get rewarded
- Can be played on the nintendo DS, wii, playstation and on ios.
- Can get different types of cooking tools when leveled up.

New Approved Game

- Instead of limited I would have everything unlimited to where there is no time frame and how long it takes to complete the game itself. Unlike the original cooking mama it only takes a couple days to complete the entire game because of how limited everything is.
- You can choose different chefs but you have to level up to a current extent
- Unlimited clothing for the chefs ^
- Different levels for all the different types of recipes
- Can customize your own recipe by challenging a challenge against an opponent
- Taking pictures of each recipe but make it a competition by who took the best picture with a background that goes with it.
